

**CIC GARAGE PARKING: (approaching the (RM)CIC Bldg from the airport using Forbes Avenue)**

- Turn LEFT onto S. Craig Street
- Turn RIGHT onto Winthrop Street
- Turn RIGHT onto S. Neville Street
- Turn slight LEFT (just before the train tracks) into GATES (CIC) parking garage; park in any space on Level G2, G3 or G4
- Find the double bank of elevators to the "L" level of the building; (the single elevator only goes up from G1)
- Walk into Atrium area; Registration will be in the hallway. The presentations will be in 1201 (the DEC); right across from the Registration table and breakfast is in the adjoining room - 1301 (also accessed by the hallway next to the DCO (big glass window)).

**WHEN LEAVING THE PARKING GARAGE:**

- You MUST stop to pay at the Blue Kiosk on the Lobby Level before you go to your car.

**As of right now, you will need a CMU person to accompany you to the CIC bldg after hours. The building is locked at 5 pm and both the building and the elevators need a CMU ID to operate as well. I am working hard to have both of these accessible after hours for our event. (the stairs are open and the elevators will go to the lowest level)**

**AFTER PARKING ON LEVEL G2, G3, OR G4**  
(Please be sure to bring your parking entry ticket with you. You need to pay on the Lobby Level kiosk) **You CAN park in ANY "car pool parking only" spaces.**  
Head to the double bank of elevators (single elevator is a freight elevator and does not stop for "up" on any level other than G1); the elevators are at the opposite end of where you pulled in and face the railroad tracks.  
Take the Elevator to the Lobby Level; Exit the elevators into the main lobby area, turn right and you will see the Registration Table. We will be using Room 1201 (directly across from the Registration Table) for the morning talks / afternoon talks. Breakfast and lunch will be in the adjoining room - 1301 (also accessible from the hallway next to the big window (DCO))
