

ROBERTS ENGINEERING HALL — #25 — https://www.cmu.edu/assets/pdfs/cmu_map_8.5x11.pdf

Yellow path if you are parking at one of the Schenley, Frew, Tech street meters / walking from that direction:

<http://www.pdl.cmu.edu/images/Misc/parking-machines2.jpg>

<https://www.google.com/maps/dir//40.4424726,-79.9472362/@40.4423862,-80.01695,12z/data=!3m1!4b1>

(approximately 4845 Frew Street, 15213 (and Hamerschlag Drive for GPS, aka Roberts Drive on campus) The pointer

If you parked on Forbes or in the RMCIC Garage and leave the Garage via G4 and walk through campus, you can enter any of the unlocked doors along the path and go to the 4th floor to find the Singleton Room, Atrium area (or walk up to the upper railed walkway you see below)

<http://www.pdl.cmu.edu/IMAGES/Misc/roberts-map.pdf>

The Singleton Room / Atrium is located inside the door at the end of this upper-level railed walkway. This is the view you will see once you turn into campus and go past Scaife Hall (it is to the left of Hamerschlag; the building with the circular tower on top)

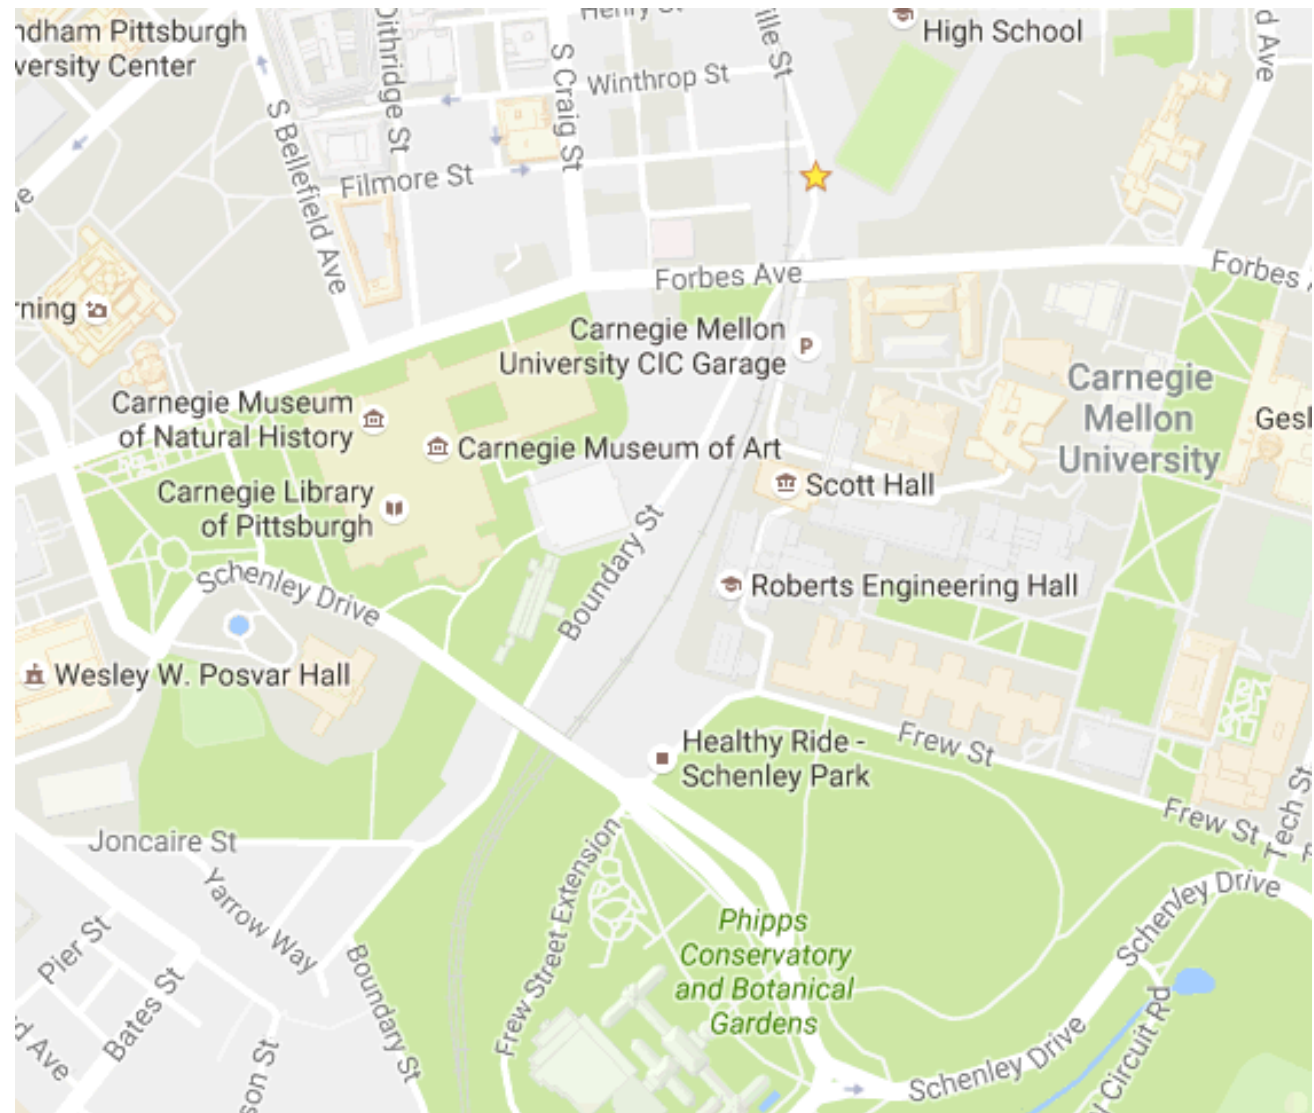

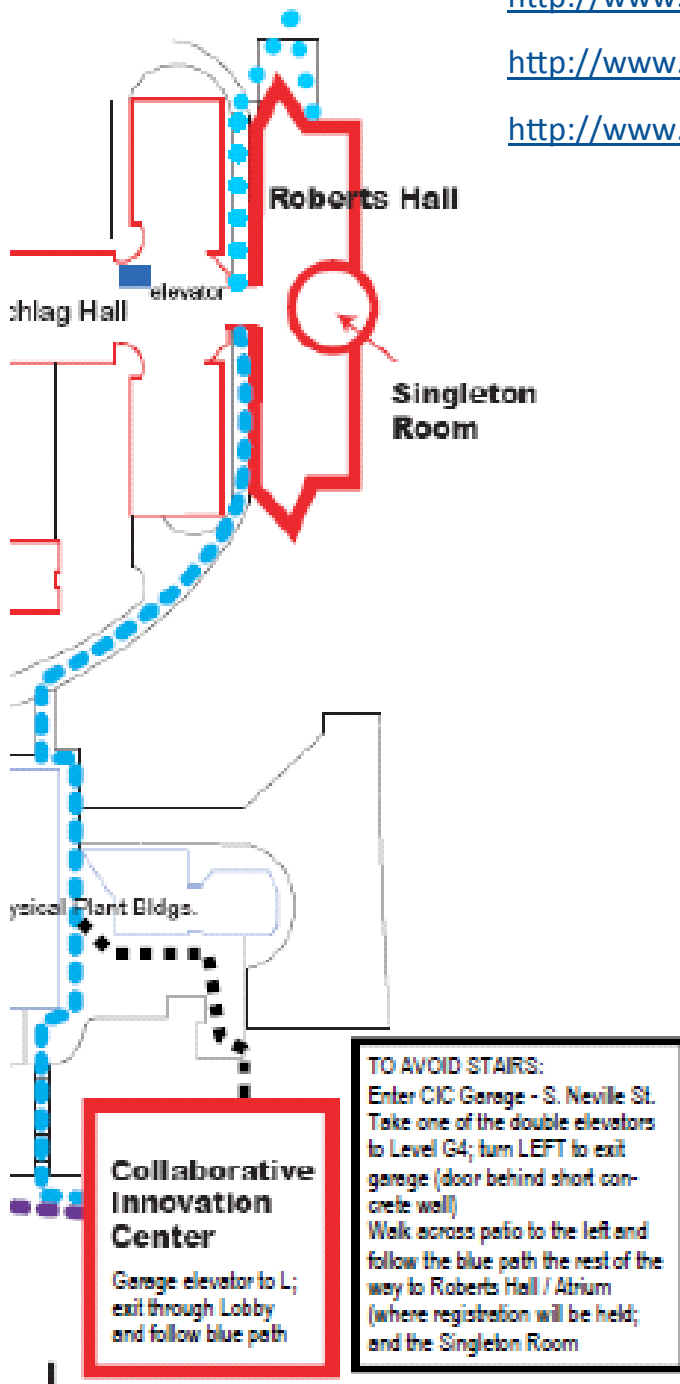

If you are parking at the RMCIC Building, the Carnegie Museum, or the East Campus Garage, etc.

<http://www.myatlascms.com/map/index.php?id=192#!ct/7431,7433,1566?ce/1566>

PLEASE BE CAREFUL - there is traffic coming from both the upper and lower entrances / exits to this garage from two different roadways. You will need to pay for your parking at the blue kiosk in the RMCIC Lobby Level parking machines **before you go to your car**. South Neville and Hamerschlag (or Boundary if Hamerschlag is unknown) is the best GPS address for the Garage. It is marked as the GATES Garage and with a triangular P parking sign. (and not RMCIC signage)

RMCIC Garage Parking (approaching from CIC Bldg from the airport using Forbes Avenue)
 Turn **LEFT** onto S. Craig Street
 Turn **RIGHT** onto Winthrop Street
 Turn **RIGHT** onto S. Neville Street
 Turn slight **LEFT** (just before the train tracks) into the CIC Garage.
 Turn left and try to park on Level G4 - about two full revolutions around (double elevators are marked with level numbers)

The **EXIT** to outdoor patio and path shown above to Roberts Hall / Singleton room is on G4
 Turn left out of elevator;
 head to concrete wall with "window" opening; the door is to the left of that.
 Follow path somewhat shown above; a new building has been added since this version; hopefully our PDL event signage will still be posted)
